

TAKE PICTURES. FURTHER.™

The KODAK PROFESSIONAL 8500 Digital Photo Printer

Speed from sitting to selling

When emotions are high, customers buy. That is, if you have prints ready for them. You can, with the new KODAK PROFESSIONAL 8500 Digital Photo Printer. Now, you can produce professional photo-quality prints right at the photo session when customers are ready to buy. And you'll get them in less than 75 seconds! Whether you're in the studio or on location, speed counts.

And unlike some other digital printers, with the 8500 Printer, you can get full 8 x 10-inch prints—in either gloss or matte finish. And with a laminate overcoat, they will be fingerprint-free and water resistant. The enclosed paper path of the 8500 Photo Printer means higher reliability and fewer remakes. Along with the affordable cost of the printer, this means you control costs and increase revenue. And because it uses dry imaging technology, there are no jets to clog and no spills to worry about.

So get the 8500 Digital Photo Printer now and give your customers pictures they will love. And buy! On the spot.

- Prints in less than 75 seconds
- Dry thermal printing
- Enclosed paper path for higher reliability and fewer remakes
- Gloss and matte finishes
- Full 8 x 10-inch prints
- Compatible with WINDOWS and MACINTOSH Operating Systems

The KODAK PROFESSIONAL 8500 Digital Photo Printer at a glance.
